

# **Top Chapel Day Nursery**

## **Pest Control Policy**

---

It is the policy of Top Chapel Day Nursery to be free of all pests, we will achieve this goal by the following practices.

- Prevent access to the interior of the building.
- All opened food will be kept in a air tight container.
- Kitchen will be cleaned daily, counter free of food debris and spills
- Floors and counters will be cleaned and sanitized daily.
- No perishable items will be stored in the basement.
- All edible items used in the sensory motor table will be described at the end of the day.

Daily Inspections will be preformed of the center to insure that it is free of pest. In the event of visual signs of pest present, the following procedures will be preformed. This will all be logged down on the daily dairy as well as 4 weekly review.

- Wigan Pest control will be contacted on  
<https://www.wigan.gov.uk/Resident/Environmental-Problems/Pests.aspx>
- We will follow all recommendations as long as they are safe for the children and caregivers.
- If pesticides need to be used the nursery will contact parents 24 hours in advance, they will be informed as to what is being used and where. (included indoors and outdoors)
- All insecticide applications will be done while the nursery is unoccupied, and remain unoccupied for a period of no less than 24 hours or longer if required by the pesticide label use directions.
- Nursery will be thoroughly cleaned and disinfected.
